Section A: NWFP Management and Marketing Plans

1. Background

The *Rongchanglu* Non-wood forest management forest group was formed by 17 members from *Perung*, *Khandoma*, *Bargoenpa*, and *Bainangwoong* villages in 2018. With the completion of the 1st plan period by 2024, the NWFP group members has expressed their interest to manage it for 2nd term with two new members joining the group. The NWFP group members wanted to enhanced the group through sustainable management of NWFP resources in the locality and to generate income for the group. The NWFP group was unanimously renamed as the *Perung-Bargoenpa* NWFP Management group. The village is connected to the Geog center by a 17 km farm road.

The communities are primarily dependent on agricultural and Livestock farming. They grow agriculture crops like maize, buckwheat, chilies and beans. They also grow cash crop like orange, which is the main source of income for most of the farmers in the community. The villagers extensively use forest for timber, firewood, and fodder collection. The NWFPs are utilized for both domestic and commercial purposes. The forest area falls in cool broadleaved forest and the vegetation in the forest includes high forest and mixed broad-leaved forest. Evergreen forests are the predominant forest types in *Khandoma* and *Perung*, with an elevation ranging from 1000 to 2500 meters above sea level.

2. The traditional rights over natural resources

Before the formation of the Non-Wood Forest Product (NWFP) Management Group in 2018, the NWFP resources within the traditional boundary of the community was over exploited as there was no regulation.

With the formation of NWFP group in 2018, the group manage the area as NWFP resources harvesting area by demarcating the area based on traditional rights of the villages. The native communities of *Khandoma*, *Perung*, *Bargoenpa*, and *Bainangwoong* village have successful established NWFP group with the main objective to harvest NWFP resources in a sustainable manner and to protect the resources from outsiders.

3. Objectives

- ✓ Protection and sustainable harvesting of NWFP products
- ✓ Income generation through sale of NWFP products

4. Review and achievement of previous management plan period

During the last plan period, the NWFP management group members were not able to implement the activities as per plan due to pandemic between 2020 to 2021. However, they were able to harvest some of the NWFP products for domestic consumption and also marketed some products.

4.1 Activity achievements

- NWFPs management group meetings and issuing of collection permits
- Patrolling within the NWFP traditional boundary
- Marketing of NWFP products

4.2 Financial achievement

During the 5-year plan period, the group sold *Rubia cordifolia*, *Pouzolzia* sp, and Ferns. The management group generated an income of Nu.20000 (Twenty thousand) only from sale of these products and collection of annual membership fee.

5. Description of NWFPs

The forest has various species of NWFP products such as mushrooms, ferns, *Elatostema* sp, natural dyes like *Rubia cordifolia*, materials for incense stick manufacturing like *Pouzolzia* spp, traditional paper-making materials like *Daphne* spp, and medicinal plants including *Chirata* sp.

Table 1: Brief description of NWFPs for commercial harvesting

NWFP name	Harvesting area	Parts used	Use purpose (traditional & other	Harvesting season(month)	Estimated quantity that can be collected
<i>Elatostema lineolatum</i> (Damuru)	Nakpai-Batsaphu	Stem and leaves	Vegetable	Apr-Sept	500 kg
Fern	Nakpai-Batsaphu	Shoot	Vegetable	Apr-Sept	1000 kg
<i>Rubia cordifolia</i> (Laniru)	Nakpai-Batsaphu	Entire part	dyes (color)	Jan-Dec	10000 kg
<i>Paris polyphylla</i> (Thoksampa)	Nakpai-Batsaphu	Rhizome	Medicine	Oct-Nov	50 kg
<i>Pouzolzia</i> spp (Yongdiba)	Nakpai-Batsaphu	Bark	Adhesive, Incense	Aug-Feb	5000 kg
Mushroom	Nakpai-Batsaphu	Entire part	Vegetable	Apr-Sept	100 kg
<i>Daphne</i> spp	Nakpai-Batsaphu	Bark	Traditional paper	April-September	500 kg
<i>Viscum album</i>	Nakpai-Batsaphu	Twigs	Ingredient / tea	April-Sept	20 kg

Thormom (<i>Tupistra nutans</i>)	Nakpai- Batsaphu	Flowers	Vegetable	8 th to 9 th of Bhutanese months	100 kg
---------------------------------------	---------------------	---------	-----------	--	--------

6. Harvesting prescriptions for sustainable NWFP harvesting

The members will adhere to follow the guidelines and prescriptions as formulated to ensure sustainable utilization of resources and to sustain natural regeneration and resource base for present and future generations

Table 2: Harvesting prescription for sustainable harvesting of NWFPs

NWFP species	Harvesting prescription for sustainable harvesting
<i>Elatostema lineolatum</i>	• Collect plants that are 15cm and above or matured ones. • Retain stump of around 3'' for sprouting of new shoots. • Do not uproot whole plant. • Should not cut down trees and create more opening. • Should not disturb its catchment area.
Fern	• Harvest only young shoot that are 15 cm long • Do not harvest the entire shoot coming up in season • Do not harvest the shoots that have developed to leaves. • Do not cut down trees which provide shade to plant • Retain at least 50% of young shoot of last flush for development of leaves
Laniru (<i>Rubia cordifolia</i>)	• Use sharp scissors for the collection of the upper part of the plant. • Cut the plant at 5 cm above ground level. • Leave at least 10% of the plants without collecting for next time regeneration purposes • Do not collect roots • Do not uproot entire plants
Thoksampa (<i>Paris polyphylla</i>)	• Harvest the rhizome after seed dispersal • Collect between Oct- Nov (most appropriate time to emerge bud from the rhizome which remains dormant underground till next germination period) • Leave some portion of Rhizome with bud underground while harvesting.
Yongdiba (<i>Pouzolzia</i> spp)	• Cut the plant at 10 cm above the ground level • Do not damage the remaining young stands/seedlings/saplings • Felling of surrounding trees to ease harvesting is prohibited • Leave at least 10% of the plants to allow natural regeneration • Harvesting of roots is strictly prohibited for ecological reason
Mushroom	• Do not uproot entire plant • Collect only mature one leaving young one • Harvest carefully

<i>Daphne</i> spp.	• Cut the plant at 10 cm above the ground level • Cut only the stems that are 10 cm in diameter • Do not damage the remaining young stands/seedlings/saplings • Do not fell the surrounding trees in order to clear the area to ease harvesting • Harvesting should be done on rotational basis, once in 5 years for every block.
<i>Swertia chirata</i>	• Collect only after seed dispersal (generally in Nov) • Do not collect the plants in late season to avoid damaging the germination of new seedlings

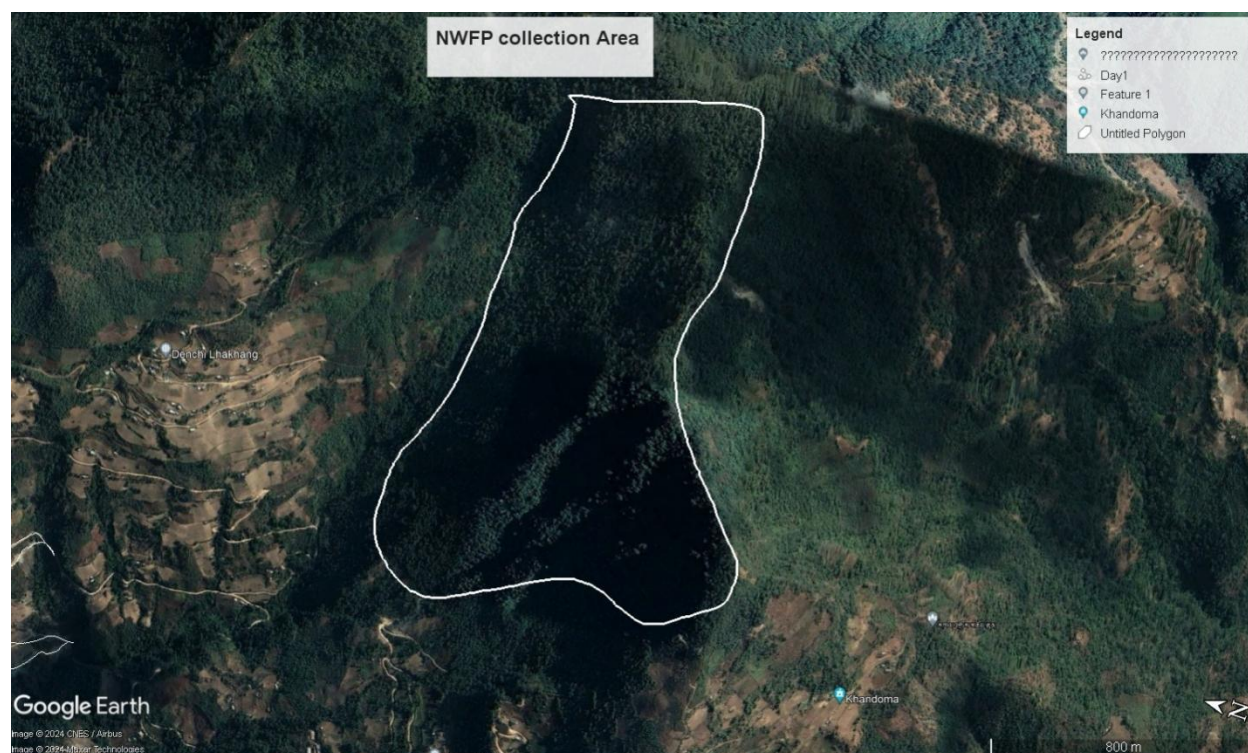

Figure 1. Map showing the boundary of NWFP collection area

7. Marketing and sale plans

The NWFPs will be marketed to local market at Gomdar, Narphu and to Samdrup Jongkhar for products like Ferns, *Viscum album*, Mushroom and *Tupistra*. But for products like *Pouzolzia* spp. *Daphne* and *Rubia cordifolia* will be sold to trader for export after completing all the formalities.

Table 3: Marketing and sales plan

NWFPs	Potential market	Estimated quantity for sale /	Expected selling price / unit	Total
-------	------------------	-------------------------------	-------------------------------	-------

		season (unit)	(Nu)	(Nu)
<i>Elatostema lineolatum</i>	Local market/Samdrup Jongkhar town	50 kg	Nu. 15	750
Fern shoots	Samdrup Jongkhar town / Local market	100 bundles	Nu. 10/kg	1000
<i>Paris polyphylla</i>	Samdrup Jongkhar town /NWFPs license holder	5 kg	Nu. 1000/kg	5000
Yongjibu (<i>Pouzolzia</i> spp.)	NWFPs license holder	500 kg	Nu.40/kg	20000
<i>Viscum album</i>	Local / SJ Throm/Narphung	2 kg	Nu.200/kg	4000
<i>Daphne</i> spp		50 kg	Nu. 50/kg	2500
<i>Rubia cordifolia</i>	Samdrup Jongkhar Throm / NWFP license holder	1000 kg	Nu.50/kg	50000
<i>Mushroom</i>	Local market	10 kg	50/kg	500
Thormom (<i>Tupistra nutans</i>)	Local market	10 kg	100/kg	1000

8. Marketing arrangements

- Any NWFPs will be harvested as per the management prescription for sale with prior permission from the chairperson and the committee members.
- The quantity of products marketed will be assessed by the chairperson and secretary to ensure proper recording and payments in the registered community group account.
- The member shall market the products individually or in group.
- If there is a large quantity of NWFPs to be marketed, the chairperson and committee members will seek support from the relevant stakeholders through Gewog Administration.
- General consultation will be conducted by chairperson and secretary to address issues related to marketing and other important plans and activities for future.

9. Benefits

9.1 Benefits to the members

- ✧ Any member can earn income through the sale of NWFPs.
- ✧ All members have the right to receive an equal share from the accumulated group fund.

- ✧ The group members shall be responsible for looking after the welfare of incompetent members.
- ✧ Ten percent of the total amount earned shall be deposited in the group's account.

9.2 Benefit to the group.

- Follow Sustainable harvesting guidelines and management plan.
- Easy access to permit for NWFPs harvesting and marketing
- Reduce illegal and unsustainable harvesting of NWFPs.
- Community will benefit from group fund.
- Fund will be deposited in one financial institution in a group account.

10. NWFPs harvesting Calendar

Harvesting year	Collection Area	Remarks
1 st Year	Nakpai	Harvesting of products like ferns and <i>Elatostema</i> can be collected throughout the season as per management prescription
2 nd Year	Batsaphu	
3 rd Year	Nakpai	
4 th Year	Batsaphu	
5 th Year	Nakpai	
6 th Year	Batsaphu	
7 th Year	Nakpai	
8 th Year	Batsaphu	
9 th Year	Nakpai	
10 th Year	Batsaphu	

Section B: By-Laws

11. Members of the NWFP management and marketing group

Village	Number of member households	Geog
Perung, Khandoma, Bargoenpa and Khoyar-Pangthang	19	Gomdar
Membership arrangement and rights of members: ➤ All registered members shall deposit an annual membership fee of Nu. 100. ➤ Residents of Perung, Bargoenpa, Khoyar-pangthang, and Khandoma villages with a definite gung and census are eligible to become members of the NWFPs management group. ➤ They should possess willingness and interest in joining the group. ➤ If someone from the same gung wishes to become a new member, they can do so by paying an entry fee of Nu.100 (one hundred) only. ➤ Individuals wishing to join the group must apply to the chairperson. Their membership will be decided by the group members during the general assembly after being made aware of the group's objectives, plans, and by-laws. ➤ Residents of the same village who are not members initially but later wish to become members can do so by paying an entry fee and the total accumulated budget divided by the total number of members. ➤ Any member wishing to opt-out of membership due to genuine problems or reasons (such as resettlement programs) shall be entitled to 50 percent of their individual share from the common fund, ➤ Any member who purposefully withdraws from the group shall not be entitled to any benefits or forest resources from the NWFPs delineated areas based on the traditional boundaries. ➤ The members have right to terminate/re-elect the executive members if misuse their responsibilities.		
Responsibilities of members: ➤ Active participation in meetings, training and also in general assembly twice a year. ➤ All members should participate in protection, sustainable management and harvesting of NWFPs. ➤ The entire group member will actively participate in patrolling their NWFPs growing areas twice a year on rotational basis. ➤ Inform/avail permit from chairperson for collection of NWFPs and provide correct information for proper recording after marketing. ➤ Members must follow annual harvesting calendar. ➤ Harvest, manage and utilized the NWFPs on sustainable basis as per the management guidelines and prescriptions. ➤ Report promptly of any illegal case to chairperson and committees for action		

Members of the NWFP management & marketing group	
Executive committee The three elected executive committee members serve as representatives of the NWFP Group in managing and utilizing resources. Their term lasts for ten years without incentives, but they have the option to resign or be terminated if their performance is unsatisfactory before the term ends. Termination or resignation from the executive committee occurs during the general assembly, where NWFP group members approve the termination/resignation and nominate/elect a replacement through a voting system.	
<i>Chairperson</i>	Name of Chairperson: Yeshi Wangdi Responsibilities of Coordinator/Chairperson: ➤ Chair the meeting related to NWFPs management, utilization and marketing. ➤ Work in close coordination with other organizations, sectors and agencies, and seek assistance for the development of management group. ➤ To arrange and coordinate the marketing of NWFPs and handicraft items. ➤ Represent the group in meetings that will take place in other parts of the country and share information and ideas acquired from the meeting with the group members. ➤ Resolve disputes and conflicts arising among the group members and maintain good working relations. ➤ Coordinate the patrolling of NWFPs prevailing areas from time to time on rotational basis. ➤ Initiate annual planning and progress report submission to Beat offices and Chief Forest Officer through RO. ➤ Jointly sign with the Secretary and Treasurer on the cheque during the withdrawal of community fund.
<i>Secretary</i>	Name of Secretary: Pema Wangdi Responsibilities Secretary: ➤ Officiate the chairperson in his absence. ➤ Inform the date, time and venue of meeting to all the group members. ➤ Keep minutes of NWFPs related meetings and make presentation at the end. ➤ Assist the chairperson in solving conflicts arising among members and maintain good working relations, and also in marketing of NWFPs. ➤ Keep proper record and data of NWFPs collected and marketed. ➤ Jointly sign with the Chairperson and Treasurer on the cheque during the withdrawal of community fund.
<i>Treasurer</i>	Name of Treasurer: Thinley Wangdi Responsibilities Treasurer: ➤ Keep proper records and accounting of NWFPs and assist the chairperson and secretary in marketing. ➤ Issue a receipt to the individual for quantity of NWFPs collected for sale. ➤ Keep annual financial transaction records and present to the group members during the general assembly. ➤ Collect and deposit the money in the NWFPs group account maintained

	with the nearest financial institution. ➤ Jointly sign with the Chairperson and Secretary on the cheque during the withdrawal of community fund.
--	---

12. Fund Management

<i>Community development fund and utilization of fund</i>	The community development fund will be generated through following means; ➤ Membership fees collection ➤ Sale of NWFPs like ferns, mushrooms, Damroo, <i>Rubia</i>, <i>Pouzolzia</i> species etc. 10% deduction of the total sale value of the NWFPs from every individual ➤ Fines and penalties of absentees and illegal doers ➤ Contribution and donation from visitors and other relevant agencies. The accumulated common fund will be managed & utilized for the welfare of group members as follows; ➤ The common fund generating from above means will maintain in the group saving account with the BDBL. ➤ Whether to give loan to the needy member or not will be decided during the annual general assembly and accordingly frame separate internal rules and regulations. ➤ The fund will be utilized for the procurement of office stationery, seals, printing of permits books, money receipt etc. ➤ In order to meet the small internal expenses, The treasurer has an authority to keep the community fund of Nu. 3000 (three thousand) only in their hands. For any further changes, the issue will discuss during the annual general assembly in future.
<i>Membership fee and purpose</i>	Every member shall contribute annual membership fee of Nu. 100 only. The amount will be deposited in the nearest bank and utilized the accumulated amount for the welfare of the NWFPs group members in the near future. The amount can even use for pre-financing the marketing cost of NWFPs.
<i>Compensation to the executive committee for marketing</i>	The community has unanimously decided to do away with the payment of the compensation practice to the executive committee members for marketing services. The committee along with few group members will work on rotational basis for the benefit of all the community members without any incentives.

13. Conflict Management and Penalties

<i>Conflict resolution</i>	➤ The chairperson and the secretary shall solve the conflict arising among the group members. ➤ If the conflict arises between executive committee members and the group members, the matter shall be forwarded to Chiwog Tshogpa followed by Gewog Forestry staff and Gewog Administration by chairperson for final decision. ➤ If the problem arises between group members and the outsiders, the matter shall directly forward to the Gewog Administration for settlement followed by
----------------------------	--

	Dzongkhag Administration
--	--------------------------

14. Penalties

Collection or harvesting of NWFPs for home consumption purposes will be free of royalty while for commercial purposes will be levied certain percentage deducted towards community development fund from the total sales of every individual. However, the fines and penalties will be imposed to the group members as well as non-members in the following ways;

Name of NWFPs	Fines and penalties for illegal collection
<i>Daphne</i> sp	Nu. 50 per kg & seize
Mushroom spp.	Nu. 100 per kg seize
Fern shoots	Nu. 20 per bundle & seize
Rubia spp. (Lanero)+ Yongjibu	Nu. 50 per kg & seize
<i>Viscum album</i>	Nu. 40 per kg & seize (Raw) Nu. 100 per kg & seize (value added)
<i>Elatostema lineolatum</i>	Nu.15 per kg & seize
Harvesting from un-identified locations	Nu. 100 & seize
If illegal collection of any NWFPs not listed in the mgt. plan	As per the prevailing FNCRR 2023 of Bhutan
Other norms and penalties of the group members	
Misuse of fund by the executive committee members	Should repay the amount with existing bank interest rate
If any committee members fail to deliver service	Terminate him/her and appoint new ones through voting system
Failure to attend meeting	Nu.200
Failure to attend work	Nu. 300
